Restrictions Ordered On Livestock from Arizona, New Mexico as Step to Prevent

Screwworms Moving Into Texas Areas
The severe screwworm situation in Arizona and New Mexico has prompted the Texas Animal Health Commission to control movement of animals from these states into Texas, reports a U.S. Department of Agriculture spokesman. Dr. James E. Noy is assistant director of the Screwworm Eradication Program and veterinarian in charge of the sterile fly distribution center here. By May's end, Arizona had recorded 569 identified screwworm samples from animals in ten counties. Until this year, the 229 recorded through May of 1978 were the worst over in the 16-year history of the program, says Noy. Nineteen screwworm cases have been counted so far in three southern California counties; and in (CONT. ON PAGE 7)

Fort Worth Farm, Ranch Club Will Hold Tour June 16

Fort Worth — Three Tarrant County cattle and horse ranches will be visited during a Fort Worth Farm and Ranch Club tour June 16, says Charles Rollins, tour committee chairman. The group will be hosted by Charles Moncrief of Oregon, Mickles Valleyview Ranch of Weatherford and John B. Odell IV's Diamond O Ranch at Stephenville. The club is made up of equestrian men and women in the Dallas and Fort Worth area and a tour of area farms and ranches is an annual event. The tour will depart the parking lot west of the stock show offices at 8:30 p.m. Friday, June 15, and will proceed to the Moncrief Ranch, where guests will look over the ranch, view the Hereford cattle and participate in a short livestock judging contest. Rollins says. After refreshments, the tour will move on to the Mickles Valleyview Ranch at Stephenville. (CONT. ON PAGE 9)

Bergland's Report on Economic Advisors Proposals to Roll Back Beef Prices Is Credited with Beef, Cattle Price Loss

BY TED GOULDY
When Secy. of Agriculture Bob Bergland announced last Monday that Administration economic advisors had projected a three pronged set of proposals concerning beef prices, he apparently triggered something that might be called the "Memorial Day Massacre" in cattle and beef circles. Bergland said the advisors suggested renegotiation of the voluntary restraint agreements with foreign beef suppliers to allow a higher level of imports, or, suspending all beef import restrictions, or, taking no action at this time. The threat of opening the gates to greater or unlimited beef imports by the Administration came at a very bad time, since beef prices at wholesale levels were already teetering toward the downside, a not unusual situation following a long holiday weekend when setting habits normally go astray. The threat of Government intervention in the beef business served to add to the confusion of the markets. On both Thursday and Friday the beef futures markets and feeder steer markets broke the limit, at the same time the dressed beef trade turned sharply lower. By the close last week the carlot trade out of Amarillo was reported \$2 to \$3 lower on both steer and heifer beef. In Colorado steer beef closed \$1 to \$1.75 lower and heifer beef \$2 to \$3 lower. Midwest beef quotations at the close showed steer beef steady to \$1.50 lower and heifer beef off by \$2 to \$3.50. Fed Cattle Sharply Lower Monday at Major Markets, Hog Prices Mixed

Around the major terminal markets on Monday a normal run of slaughter cattle and hogs appeared. Prices of fed steers and heifers were sharply lower as the down turn in beef and cattle prices carried over into the new week. Slaughter cows were mostly lower with prices 50c to 2.00 off at various markets. Hog prices were mixed with ups and about evenly divided. Price trends, quotations on choice and prime fed steers and heifers and the mixed good and choice grades and the quotations on U.S. 1-3 hogs usually weighing 200 to 250 pounds included:
Omaha fed steers closed 2.00-4.00 off, heifers 2.00-9.00 lower. Steers 57.00-59.75 and 58.00-57.50; heifers 55.50-58.00 and 53.50-56.50. Hogs steady to firm at 47.25-50.00. Sioux City fed cattle 2.00-3.00 lower. Steers 57.50-60.80 and 55.50-57.75; heifers 54.50-58.00 and 52.50-54.50. Hogs steady to 25c higher at 47.50-50.00. Joliet steers 2.00-2.50 lower, heifers 1.50-2.00 lower. Hogs steady to 25c higher, except over 270 lbs. 60-1.00 lower, at 48.00-49.75. Kansas City fed cattle 2.00 lower. Steers high good and choice 58.50-58.25; heifers 56.00-56.50. Hogs steady to 25c lower, at 47.00-49.75.
St. Louis fed cattle 2.00-9.00 lower. Steers 58.00-59.50 and 54.00-58.00; heifers 54.50-57.50 and 52.00-54.50. Hogs 50c lower at 47.50-50.75. St. Joseph fed cattle 2.50-9.50 lower. Steers 57.50-59.50 and 55.50-57.00; heifers 55.50-57.50 and 54.00-55.50. Hogs steady to 25c higher, except over 270 lbs. 60-1.00 lower, at 48.00-49.75. Kansas City fed cattle 2.00 lower. Steers high good and choice 58.50-58.25; heifers 56.00-56.50. Hogs steady to 25c lower, at 47.00-49.75.

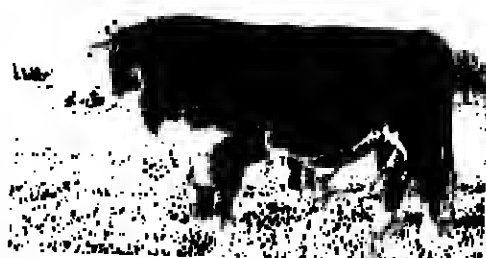

Cattle, Calves Steady, Hogs \$1 Lower At Fort Worth

Fort Worth, June 5 (F-S) — Receipts 2,500. Slaughter cows steady, heifers 50c higher on high dressing utility. Slaughter bulls steady in short supply. Feeder steers and steer calves steady. Feeder heifers and heifer calves firm. Stock cows and pairs steady. Slaughter Cows: Utility 2-3 55.00-40.00; cutter 38.00-37.50; canner 39.50-39.25. Slaughter: Bulls: Yield grade 1 1,000-1,600 lbs. 42.00-48.75. Slaughter Steers and Heifers Good 500-600 lbs. 82.00-88.00. Feeder Steers: Choice 250-400 lbs. 88.00-95.00; 400-500 lbs. 86.50-90.00; 500-600 lbs. 85.00-90.00. (CONT. ON PAGE 9)

Beef Imports

(CONT. FROM PAGE 1)

Stockers and feeder cattle auctions in this week reflected a lower trend in most areas and forward contracting of stockers and feeders in all areas except some in the Western States were reported slowed or stopped as most buyers took to the sidelines to determine whether the lower beef market was temporary or pointed to a definite trend away from the recent record high levels.

Texas Cattle Feeders Assn., President Leon Miller discounted the beef import issue raised by Bergland. He was quoted as referring to it as a "paper" issue being used by the Administration to halt beef prices lower.

Since USDA estimated that only 200 to 250 million pounds of extra imported beef could be brought in if all restrictions were lifted, Miller pointed out this figure to add only 1% to the U.S. supply, it would compete primarily with grass fed or cow beef in the form of manufacturing beef and would not impair the fed beef market. It would be too small to make any appreciable difference.

When the recent Consumer Price Index figures were announced and the

finger of blame was pointed at rising beef prices, the beef business immediately became a "news event" not only for food oriented publications and broadcasters, but also something for the general news reporters to feature. Fortunately the farmers and ranchers' spokesmen have been getting the message to the news media concerning the causes of the rising prices and explaining that although the rise in cattle and beef prices has been spectacular, it was a long overdue adjustment following years of negative returns for cattlemen and beef operators.

There has been no threat yet of anything similar to the notorious beef boycotts of 1973, and this appears to be due to the fact that the economic troubles of farmers and ranchers have been understood by consumers and by the news media this time due to efforts of agricultural spokesmen to detail their situation. This was highlighted by the American Agriculture Movement's demonstrations as well as the efforts of other organized farm and livestock groups to see that consumer activists, government and the general public knew what the problem was and had been.

For the first time spokesmen in farmers and ranchers got their message across before there were any distortions of the facts. Time alone will tell whether last week marked the peak of cattle and beef prices in this current cycle, but the drastic action in the markets late last week was surely underscored wide to foreign beef imports. It appears legislation pending in Congress to tighten up on meat imports, which was opposed by the Carter Administration, is probably dead for this session of Congress.

EVERGREEN
BEEF
DEVELOPER

"It costs less because it does more!"

Many of our customers
get an extra pound of
gain with every
2 to 3 pounds of feed.

We're taking the extra gain... as much as an extra pound per head per day! On 50 head, that's 4,500 pounds in just 90 days... 9,000 pounds in just 180 days! Soon after buying Evergreen Beef Developer, you can actually see your cattle "turn on" and begin to gain in weight, and buyers often pay a premium for cattle that are customer-conditioned and ready to "take off" in the feedlot. Beef Developer is also excellent for developing young bulls and heifers for hard conditioning, or it can be used to stretch your pasture to carry up to twice the cattle.

Many feeders report getting 50 pounds extra gain for as little as \$12.50 feed cost.

Add pounds of
extra profit to
your calves, too!

Restrictions Ordered

(CONT. FROM PAGE 1)

New Mexico the May 31 total was 74 cases. Texas recorded 18 cases during the same period.

On June 1 TAHC issued regulations to make sure eastbound livestock and trucks are not taking screwworms into Texas. Arizona and New Mexico animals now may only enter Texas under a prior permit issued by TAHC.

Under the permit, animals must be inspected and found free of screwworms within 72 hours preceding shipment, and be either sprayed or dipped. This must be done under supervision of a state or federal animal health official, or by a federally accredited veterinarian in private practice.

The better than usual grazing conditions in Arizona are the result of a warm winter and above normal moisture. This also produces an ideal environment for the screwworm fly. To combat the popular fly buildup, the Animal and Plant Health Inspection Service is releasing sterile flies to mate with the fertile, wild flies.

"The Texas screwworm situation broke wide open with astonishing speed during the second half of May," comments Dr. M. E. (Cotton) Meadows, Jr.

Replacement Cattle Steady to \$3 Off During Past Week

St. Joseph, June 2 (USDA) — National feeder cattle and calf receipts this week 226,700, last week 220,000, year ago 181,500. Feeder cattle and calves unevenly steady to 8.00 lower, late week sales showing the most declines. Price declines overrode advances by the largest margin for any week in the past 6 months. Seasonal decline in quality as most choice grass cattle already on pasture, particularly calves. Aggressive fall contracting in some areas. Exception to the decline in prices, Iowa auctions, Kentucky auctions and fall contracting in Missouri. Few places higher early in the week but declines on late week sales.

For years, cattlemen have sought the perfect breeding combination that would give them animals they could depend on for consistent profit.

To make it in today's cattle business, farmers and ranchers must have a breed that is consistently profitable. This means cattle must breed on schedule and calve easily, gain quickly on range grass and the less expensive feeds, be disease resistant and cost little to maintain. At the same time, the carcass must grade choice with consistency and be preferred by packers and consumers.

After studying all the different breeds and crosses, more and more cattlemen are finally discovering the perfect breed for today's market — BRANGUS!

The key is the 3/8 Brahman-5/8 Angus combination. This heritage yields animals that show consistent profit. Brangus give you the most pounds of meat at the lowest possible cost, and at the same time bring top prices at the stockyards and in the supermarket.

Hardy! Adaptable! Profitable! BRANGUS!

The breed you've been waiting for.

Arkansas Brahman Assn. Field Day Scheduled Aug. 12

Sharida, Ar. — The Arkansas Brahman Association's annual field day will be held here at Raynes Hurricane Ranch on August 12.

The day's program includes a "Brahman Swap Mart," ranch tours, and guest speakers. A contest will be conducted by Raynes Hurricane Ranch and a registered Brahman heifer will be awarded to the top boy or girl. This heifer's first calf will go back into a pool kept by the ranch for the purpose of providing calves for the yearly contest.

The program starts at 9:00 a.m. at the Hurricane Ranch showbarn. Lunch will be served. Arkansas Brahman Association members are welcome to display their cattle at the field day. These can be sold or traded if desired.

For more information on the field day, "Swap Mart," or the heifer contest please contact Dickie Haynes, Route 3, Box 99, Sharida, Arkansas 72150, telephone 501/842-4114.

Eighty-five percent of the increase in food costs during the past four years have been due to increased marketing costs added by the middlemen, not increases in the farmer's costs.

South Texas Brahman Assn. Announces Supreme Sale Plans

The South Texas Brahman Breeders Association has announced that Bert & Ruben Reyes, sale managers and auctioneers from San Antonio, Texas, will manage and auctioneer the 1978 South Texas Brahman Breeders Supreme Sale to be held during the San Antonio Livestock Show and Rodeo on Saturday, Feb. 11, 1978.

Jim Ferguson, Jr., President of the South Texas Brahman Breeders Association, announced that the sales committee will screen the cattle to assure that only real top quality will be sold in this Supreme Sale. He promptly urged all of the breeders to go and select their very best cattle because the entire Brahman industry will be working together to make this one of the

greatest events in Brahman history. The San Antonio Livestock Show has secured the South Texas Brahman Breeders Association that they will work towards making this sale a real historical event. The 1978 San Antonio Livestock Show and Rodeo should be the largest ever with Saturday, Feb. 11, being the biggest day, drawing people from all over the world. The South Texas Brahman Breeders Association feels real proud of the fact that their sale will be held on what could be the largest crowd of cattle and agriculture people ever to witness a livestock show.

A hard working and progressive sales committee was elected by the membership. The sales committee consists of Joe Dial of Pineda; Donald Haynes of Pleasanton; Bill Taddit of Floresville; Vic Maspero of San Antonio; Glenn Lothring, Floresville; George Fawcett of Tilden, and John Shannon of Port Lavaca.

We Have An Outstanding Group of Two-Year-Old Bulls and 18-Month-Old Heifers for Sale At This Time. Come by the Ranch in Dayton or Baling and visit with us.

IT IS OUR BELIEF THAT EACH SUCCEEDING GENERATION OF BRAHMAN CATTLE RAISED ON THE M RANCH SHOULD BE BETTER THAN THOSE THE YEAR BEFORE. IF THIS WERE NOT THE CASE, THERE WOULD BE NO SENSE IN TRYING TO ESTABLISH A TOP HERD OF BRAHMAN CATTLE. WE ALSO BELIEVE THAT EACH YEAR OUR CUSTOMERS ARE BECOMING MORE SELECTIVE, AND WE HAVE TO KEEP UP WITH THOSE DEMANDS OR FALL BY THE WAYSIDE. AT M RANCH, OUR CUSTOMERS ARE THE BOSS, AND WE DO OUR BEST TO BREED THE TYPE ANIMAL THAT WILL DO THE JOB FOR THEM. WE'VE BEEN HERE FOR MORE THAN THIRTY YEARS SO WE MUST BE DOING SOMETHING RIGHT. OF COURSE, THAT IS A REFLECTION OF OUR CUSTOMERS. THAT'S THE WAY WE DO THINGS AROUND HERE.
